SUMMARY

Skilled Full Stack Developer with 3 years of experience across a wide tech stack, including Ruby on Rails, Java, React & React Native. Proficient in developing and maintaining robust web applications and mobile apps. Strong problem-solving skills and a passion for creating efficient and user-friendly solutions. Seeking a position as a Full Stack Developer to contribute to the development of cutting-edge software products.

EXPERIENCE

Manager

Heydays Guesthouse & Restaurant   **August 2023 - Present, Noupoort**

· Successfully launched and managed a guesthouse with 15 rooms and a restaurant in a rural setting.
· Played a pivotal role in driving the overall success and growth of the business by assuming comprehensive
· responsibility for its strategic direction, operational efficiency, and financial performance.
· Ensured customer satisfaction. Received stellar reviews both on Google and booking platforms.
· Hired and trained 6 employees in different roles.

Full Stack Developer

Etapath   **December 2022 - October 2023, Johannesburg**

· Collaborated in a team of 3 for a logistics company that specializes in ride-sharing solutions for the transportation of employees to and from work.
· Developed a robust platform utilizing React.js and Ruby on Rails, empowering our team to view passenger trips efficiently, consolidate group passengers, and seamlessly assign drivers to optimize trip management processes.
· Led the end-to-end development and deployment of mobile applications for both iOS and Android platforms using React Native, ensuring seamless user experiences across multiple devices.
· Swiftly dealt with production issues outside of working hours.

Junior Java Developer

DVT   **February 2020 - February 2022, Johannesburg**

· Completed a fast-track Java Graduate program, which taught me SOLID principles, clean code & agile methodologies.
· Maintained and Improved micro-services for a prominent health insurance company in South Africa, leveraging Java EE, Spring Boot & Spring Cloud.
· Collaborated with a team of 20 professionals, utilizing agile methodologies to deliver products to clients on time.
· Experience with AWS, Automated Testing, CI/CD, SQL, and Elastic Search.

EDUCATION

Bachelors of Computing (Hons)

Belgium Campus · Pretoria · 2021
· Graduated Cum Laude
